INDEPENDENT AUDITORS' REPORT

To the Board Members
Wayne County Water and Sewer Authority
Wayne County, New York

Report on the Financial Statements

We have audited the accompanying financial statements of the Wayne County Water and Sewer Authority, New York, as of and for the years ended December 31, 2017 and 2016, and the related notes to the financial statements, which collectively comprise the Authority's financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Authority's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Wayne County Water and Sewer Authority, New York, as of December 31, 2017 and 2016, and the respective changes in financial position and, where applicable, cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, schedule of the authority's proportionate share of the net pension liability, and schedule of authority contributions on pages 3-7 and pages 29-30 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Wayne County Water and Sewer Authority, New York's financial statements. The accompanying supplemental information as listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements.

The accompanying supplemental information as listed in the table of contents is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the accompanying supplemental information as listed in the table of contents is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 7, 2018 on our consideration of the Wayne County Water and Sewer Authority, New York's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Wayne County Water and Sewer Authority, New York's internal control over financial reporting and compliance.

Rochester, New York

Management's Discussion and Analysis (MD&A)

December 31, 2017

Introduction

Our discussion and analysis of the Wayne County Water and Sewer Authority, Wayne County, New York's (Authority) financial performance provides an overview of the Authority's financial activities for the year ended December 31, 2017. It should be read in conjunction with the basic financial statements to enhance understanding of the Authority's financial performance, which immediately follows this section.

Activities and Accomplishments

Sewer:

- The Authority continued with its on-going inflow/infiltration program for sanitary sewers.
- The Port Bay sewer project with the potential of 640 connections in the Towns of Huron and Wolcott advanced into the bidding stage with a construction start anticipated in 2018.
- The Village of Wolcott continued pumping Village wastewater to the Regional Plant through the former Village treatment plant, now converted to a pump station.
- A feasibility study was completed for a Western Regional Wastewater Treatment Plant to service the Towns of Marion and Macedon and the Village of Palmyra. Environmental work was begun, the SEQR procedure was completed with the Authority serving as Lead Agency, funding was applied for, a preliminary Memorandum Of Understanding with the three participants was drafted.
- Phase 3 of the sanitary sewer system expansion in the Village of Red Creek was constructed. The project consists of a low pressure sanitary sewer system for 21 properties on South Street.
- Bids were received for the replacement of roofs on the process (main) building and influent building at the Red Creek Regional Wastewater Treatment Facility, with construction anticipated in the spring of 2018

Water:

- The Authority continued its meter replacement program.
- The Authority entered into a purchase option agreement with the owners of a property on the west side of Brantling Hill in the Town of Arcadia for the site of a 2 million gallon regional water storage tank. The project advanced with the Authority serving as Lead Agency, engineering and environmental reports being completed, a Memorandum of Understanding with the six participating towns being signed and funding applied for through USDA.
- The Authority took over operation of the former Village of Macedon's water mains and appurtenances on February 1st, 2017.
- The Authority took over the water system operations in the Town of Sodus, starting on April 1, 2017 adding approximately 1,300 new retail water accounts. The Authority established a Sodus satellite office by leasing a portion of the town's highway barn.
- Construction of the Town of Arcadia Water District No. 12, which consists of approximately 31,000 linear feet of 12-inch and 8-inch water main in the eastern part of the town, was completed.

- The Town of Macedon (Bunker Hill) water tank was repainted. This is the last tank in the Authority’s system to be painted at this time.
- The Authority began assisting the Village of Red Creek in their water operations.
- Although not a project of the Authority, the water main on Route 31 through the former Village of Macedon was replaced, improving water service to the area.

Miscellaneous:

- The Authority continued to exercise its vehicle and construction equipment replacement program by consigning older equipment to the municipal auction in the spring and purchasing replacement equipment.
- The Authority continues with participation in the BOCES cooperative bids for electric and natural gas service for those energy accounts that are eligible.
- The New York State Comptroller’s office conducted an audit focusing on IT policies and other areas.
- The Authority augmented its administrative and operational staff with four additional employees.
- The Authority adopted a policy regarding the Authority’s operating and capital reserve funds.
- The Authority obtained a bond to cover the expansion of the Authority office as well as the replacement of roofs at the Red Creek Regional Wastewater Facility.
- Construction began on the expansion of the Authority office and facilities on Daansen Road in Walworth.
- The Authority’s attorney submitted updated Sewer Use Rules to the DEC for comment.
- The Authority’s updated Emergency Response Plan and Security Vulnerability Assessment were submitted to the Department of Health, as required every five years.

Summary of Operations and Changes in Net Position

	2017		2016		2015	
	Water Activity	Sewer Activity	Water Activity	Sewer Activity	Water Activity	Sewer Activity
Operating Revenues	\$ 6,575,120	\$ 1,561,755	\$ 6,316,894	\$ 1,378,191	\$ 5,574,063	\$ 863,353
Operating Expenses	6,423,340	1,430,188	6,106,072	1,304,172	5,235,104	820,617
Operating Income (Loss)	\$ 151,780	\$ 131,567	\$ 210,822	\$ 74,019	\$ 338,959	\$ 42,736
Non-Operating Revenues	31,919	-	70,429	-	39,419	-
Non-Operating Expenses	(77,983)	(2,087)	(13,890)	(2,471)	(15,690)	(3,051)
Income Before Other Items	\$ 105,716	\$ 129,480	\$ 267,361	\$ 71,548	\$ 362,688	\$ 39,685
Allocation of funds	-	-	(7,817)	7,817	-	-
Contributed Capital	37,500	-	-	-	-	-
Increase (Decrease) in Net Position	\$ 143,216	\$ 129,480	\$ 259,544	\$ 79,365	\$ 362,688	\$ 39,685

The increase of Net Position is explained in the following Operating Revenue and Operating Expense summaries.

Operating Revenues

The Authority's operating revenue increased by \$441,790 in 2017 and increased by \$1,257,669 in 2016.

Operating Expenses

The Authority's operating expenses increased by \$443,284 in 2017 and increased by \$1,354,523 in 2016.

The total number of active customers serviced during the past three years is as follows:

<u>Water</u>			<u>Sewer</u>		
<u>2017</u>	<u>2016</u>	<u>2015</u>	<u>2017</u>	<u>2016</u>	<u>2015</u>
13,735	12,259	11,488	2,322	2,192	1,508

Net Position

Net position is an indication of financial strength. The WCWSA net position increased by \$272,696 in 2017 and increased \$338,909 in 2016. The following is a summary of the Authority's net position as of December 31, 2017, 2016, and 2015:

	<u>2017</u>	<u>2016</u>	<u>2015</u>
<u>ASSETS:</u>			
Current Assets	\$ 6,827,915	\$ 5,859,571	\$ 5,174,697
Fixed Assets	12,409,688	11,433,728	11,777,115
Total Assets	\$ 19,237,603	\$ 17,293,299	\$ 16,951,812
<u>DEFERRED OUTFLOWS OF RESOURCES:</u>			
Deferred Outflows of Resources	\$ 532,469	\$ 843,495	\$ 176,952
<u>LIABILITIES:</u>			
Current Liabilities	\$ 670,257	\$ 478,056	\$ 491,466
Noncurrent Liabilities	2,654,156	1,487,003	910,475
Total Liabilities	\$ 3,324,413	\$ 1,965,059	\$ 1,401,941
<u>DEFERRED INFLOWS OF RESOURCES:</u>			
Deferred Inflows of Resources	\$ 107,231	\$ 106,003	\$ -
<u>NET POSITION:</u>			
Net Investment in Capital Assets	\$ 10,254,058	\$ 10,772,803	\$ 11,007,005
Restricted - Capital Reserve	1,791,483	2,110,956	2,110,268
Unrestricted	4,292,887	3,181,973	2,609,550
Total Net Position	\$ 16,338,428	\$ 16,065,732	\$ 15,726,823

The net position includes the value of the Authority's investment in infrastructure, and funds for ongoing repairs/replacement and/or additions to infrastructure.

WCWSA Rates and Charges

The Authority sets its rates annually in concurrence with the adoption of its annual operating budget. For 2017, the water rate remained the same for all of the Authority's customers and the basic service charge remained \$22.50 per quarter. In the Village of Lyons, water rates were \$5.50 per thousand gallons. The Village of Lyons sewer rates were as follows: \$32.00 for the first 5000 gallons, \$6.00 for 6000 to 100,000 additional gallons, and \$5.00 for 101,000 gallons and above.

The projected budgeted construction revenue for 2017 was \$1,150,000. The Authority exceeded this number due to the aforementioned capital projects.

Financial Statements

The WCWSA is a public benefit corporation functioning under legislation passed by the State of New York; its volunteer Board members are appointed by the Wayne County Board of Supervisors. The WCWSA functions much like a municipality with competitive bidding laws and financial safeguards required.

The accompanying basic financial statements of the Authority have been prepared in conformity with generally accepted accounting principles ("GAAP") for governments as prescribed by the Governmental Accounting Standards Board ("GASB"), which is the primary standard setting body for establishing governmental accounting and financial reporting principles. Effective December 31, 2004, the Authority adopted GASB Statement No. 34 – Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments as amended by GASB Statements No. 37 and 38. The Authority is engaged only in business-type activities as defined in GASB Statement No. 34.

Revenues and expenses are recorded under the accrual method of accounting.

Capital Assets

By the end of the 2017 year, the WCWSA had invested \$12,409,688 in a broad range of capital assets, including land, completed facilities, and equipment. The change in capital assets, including the accumulated depreciation, is reflected below:

	<u>2017</u>	<u>2016</u>	<u>2015</u>
Land	\$ 257,071	\$ 251,071	\$ 251,071
Completed facilities	18,366,400	17,096,681	17,034,441
Equipment	2,510,224	2,045,825	1,887,999
<u>Less: Accumulated Depreciation</u>	<u>(8,724,007)</u>	<u>(7,959,849)</u>	<u>(7,396,396)</u>
Total	<u>\$ 12,409,688</u>	<u>\$ 11,433,728</u>	<u>\$ 11,777,115</u>

Long -Term Obligations

The Authority's long-term obligations are as follows:

1. **Water & Sewer System Revenue Bonds Refunded** - This \$920,000 bond was secured in 2011 with a ten (10) year maturity. The bond matures in 2021 and has an unpaid principle balance of \$390,000 as of December 31, 2017.

It should be noted that with the bond refunding in 2011, the Authority's bond rating was updated to a Moody's Underlying Rating of A1.

2. **State Revolving Fund Loan** - In June 2006, \$4,000,000 of EFC revenue bonds were issued to finance the Red Creek Area Regional Wastewater Treatment Facility construction project. The New York State Department of Corrections paid \$3,600,000, whereas the remaining outstanding balance as of December 31, 2017 of \$160,000 was refinanced reducing the Authority's future interest cost.
3. **Bond Payable** - In 2017, \$1,570,000 of general obligation bonds were issued to finance work a renovation project at the operations center, and a roof project at the regional wastewater facility. The bonds were issued with an interest rate of 2.00%-4.00%. Bonds outstanding as of December 31, 2017 amounted to \$1,570,000 and have a final maturity date of June 15, 2027.

Future Factors

- Upgrades to the Town of Macedon sewage treatment plant are being proposed to bring the plant in line with current standards. An alternative regional solution is also being pursued on a parallel track.
- The Authority expects to sign a contract with the Town of Sodus for construction of Water District No. 11 in the southwest corner of the town and a district extension on South Geneva Road.
- The Authority will be replacing water main on portions of Mill Street in the Town of Marion.
- The Authority is expecting to assist the Village of Palmyra with the replacement of 800 feet of water main.
- The Authority is planning to close on the purchase of the Brantling Hill (Regional Tank) property in early 2018.

Requests for Information

This financial report is designed to provide a general overview of the Wayne County Water & Sewer Authority, Wayne County, New York's finances for all those interested. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to: Martin Aman, Executive Director, Wayne County Water & Sewer Authority, 3377 Daansen Road, Walworth, N.Y. 14568.

**WAYNE COUNTY WATER AND SEWER AUTHORITY
WAYNE COUNTY, NEW YORK**

NOTES TO FINANCIAL STATEMENTS

December 31, 2017

(Note 1) Summary of Significant Accounting Policies:

The financial statements of the Wayne County Water and Sewer Authority, Wayne County, New York, have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The more significant of the government's accounting policies are described below.

A. The Reporting Entity

The Wayne County Water and Sewer Authority, Wayne County, New York (the Authority) is a public benefit corporation, created by special state legislation, Chapter 685 of the Laws of 1987 (NYS Public Authorities Laws 199-aa et seq.) and became operational in the spring of 1988 upon the appointment of the nine initial members of the Authority by the Wayne County Board of Supervisors. The Authority has the powers necessary to plan, finance, operate and manage water systems in Wayne County. The Authority provides a structure for planning and implementing improvement in the availability, reliability, and quality of public water supplies in Wayne County.

The Authority has approximately 13,735 water service accounts supplying water within the Towns of Macedon, Walworth, Palmyra, Marion, Arcadia, Lyons, Butler, Huron, Sodus and Wolcott. The Authority also supplies the Village of Sodus Point and Cayuga County Water and Sewer Authority (wholesale only). The average yearly consumption of water from all sections of the Authority's service area encompasses nearly one billion gallons. The Authority is responsible for the operation and maintenance of over 500 miles of transmission and distribution mains, ten (10) water storage tanks (totaling 10 million gallons), and seven (7) water pumping stations within its overall service area.

During the early years of operation, the Authority was primarily a "Water Authority" with wastewater collection, treatment and disposal representing only about 1.5% of operating revenues. Now, the Authority operates a 500,000 GPD Regional Wastewater Treatment Facility and a related collection system that includes approximately 9,000 linear feet of gravity sewer, 40,000 feet of force main and three main pump stations. This regional treatment facility replaced a 30,000 GPD treatment facility in September 2006. This system currently collects and treats approximately 220,000 GPD of wastewater, with the majority of the flows coming from the Village of Wolcott, Cayuga County Sewer District #2, Village of Red Creek, Red Creek Central Schools and the newly formed Blind Sodus Bay sewer district in the town of Wolcott. The New York State Department of Corrections contributed to the cost of building the regional facility, which replaced their aging and costly Correctional Facility treatment plant. The Regional Facility was designed to accept flows from the Village of Fairhaven, the Village of Red Creek, Village of Wolcott and other eastern Wayne County communities.

The Authority now also operates and maintains the Lyons and Macedon wastewater treatment plants and 17 pump stations along with the associated collection and conveyance systems, all in accordance with a lease/operations agreement with the Towns of Lyons and Macedon.

The Authority operates and maintains the Village of Palmyra's water and wastewater facilities under the terms of an operational agreement with the Village of Palmyra.

(Note 1) (Continued)

The Authority has approximately 2322 sewer customers and operates a series of small collection systems in western and eastern Wayne County which include three pump stations and approximately six miles of gravity sewer mains and related appurtenances. Collected wastewater from these systems is conveyed to existing wastewater treatment facilities owned by other municipalities and the Authority is billed on a total flow basis per thousand gallons treated. The Authority also operates and maintains portions of Cayuga County Sewer District #2 under contract with Cayuga County Water and Sewer Authority.

B. Measurement Focus, Basis of Accounting and Basis of Presentation

The accompanying basic financial statements of the Authority have been prepared in conformity with generally accepted accounting principles (“GAAP”) for governments as prescribed by the Governmental Accounting Standards Board (“GASB”), which is the primary standard setting body for establishing governmental accounting and financial reporting principles.

Revenues and expenses are recorded under the accrual method of accounting.

C. Cash Management

The Authority has adopted investment guidelines which conform with Sections 2735 and 2925 of the New York State Public Authorities Law. These guidelines establish the permissible investments and procedures for obtaining pledged collateral for investments which exceed FDIC insurance coverage.

D. Cash and Cash Equivalents

For purposes of the Statement of Cash Flows, the Authority considers all unrestricted highly liquid investments with an initial maturity of three months or less to be cash equivalents.

E. Materials and Supplies Inventories

Materials and supplies are stated at cost, determined on the first-in, first-out method, which approximates market.

F. Accounts Receivable

Accounts receivable consist of fees for services for sewer and water charges due from individuals and other governments and project and grant receivables. Accounts receivable are carried on the balance sheet at net realizable value. Generally accepted accounting principles requires the allowance method be used to recognize bad debts, however, the effect of using the direct write-off method is not materially different from the results that would have been obtained under the allowance method.

G. Capital Assets

Capital assets, including distribution and collection systems, are stated at cost. Depreciation is provided using the straight-line method over the following estimated useful life:

Facilities	20-40 Years
Transmission and Equipment	5-40 Years

(Note 1) (Continued)

Improvements, renewals and significant repairs that do not extend the life of the asset are expensed as incurred. When assets are retired or otherwise disposed of, the related asset and accumulated depreciation are written off and any unrelated gains or losses are recorded.

H. Deferred Outflows and Inflows of Resources

In addition to assets, the Statement of Net Position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expenses/expenditure) until then. The government may have three items that qualify for reporting in this category. First is the deferred charge on refunding reported in the government-wide Statement of Net Position. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. The second item is related to pensions reported in the Authority-wide Statement of Net Position. This represents the effect of the net change in the Authority's proportion of the collective net pension asset or liability and difference during the measurement period between the Authority's contributions and its proportion share of total contributions to the pension systems not included in pension expense. Lastly are the Authority contributions to the pension system (ERS) subsequent to the measurement date.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The Authority may have items related to pensions reported in the Authority-wide Statement of Net Position. This represents the effect of the net change in the Authority's proportion of the collective net pension liability (ERS System) and difference during the measurement periods between the Authority's contributions and its proportion share of total contributions to the pension systems not included in pension expense.

I. Non-Current Liabilities

Long-term debt and other long-term obligations are reported as liabilities. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bond using an amortization schedule consistent with the bond payment schedule. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

J. Revenue Recognition

Revenues from water and sewer sales are recognized at the time of service delivery based on actual or estimated water meter readings and actual sewer units. Construction revenues are recognized at the time an expenditure is incurred for the project.

K. Contributed Capital

Contributed capital represent amounts that developers, customers and governments have contributed for betterments or additions to capital assets. These contributions are received in cash or in the form of non-cash contributions of capital items and are recorded at fair value on the date of donation.

(Note 1) (Continued)

L. Net Position

GASB requires the classification of net position into three components as defined below:

1. **Net investment in capital assets** - consists of capital assets net of accumulated depreciation, reduced by the outstanding balances of any bonds, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. Additionally, deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets or related debt should be included in this component of net position.
2. **Restricted net position** - consists of restricted assets (i.e. restrictions imposed by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enable legislation) reduced by liabilities and deferred inflows related to those assets.
3. **Unrestricted net position** - consists of the net amount of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the determination of net investments in capital assets or the restricted component of net position.

M. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the use of management estimates. Actual results could differ from those estimates.

N. Taxes

As a public benefit corporation, the Authority is exempt from federal and state income taxes, as well as state and local property and sales taxes.

O. New Accounting Standards

The Authority has adopted all current Statements of the Governmental Accounting Standards Board (GASB) that are applicable. At December 31, 2017, the Authority implemented the following new standards issued by GASB:

The GASB has issued Statement No. 73, *Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 57, and Amendments to Certain Provisions of GASB Statements 67 and 68*, which will be effective for the year ended December 31, 2017.

The GASB has issued Statement No. 80, *Blending Requirements for Certain Component Units-an amendment of GASB Statement No. 14*, which will be effective for the year ended December 31, 2017.

The GASB has issued Statement 81, *Irrevocable Split-Interest Agreements*, which will be effective for the year ended December 31, 2017.

The GASB has issued Statement No. 82, *Pension Issues-an Amendment of GASB Statements No. 67, No. 68, and No. 73*, which will be effective for the year ended December 31, 2017.

(Note 1) (Continued)

P. Future Changes in Accounting Standards

The GASB has issued Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, which will be effective for the year ended December 31, 2018.

The GASB has issued Statement No. 83, *Certain Asset Retirement Obligations*, which will be effective for the year ended December 31, 2019.

The GASB has issued Statement No. 84, *Fiduciary Activities*, which will be effective for the year ended December 31, 2018.

The GASB has issued Statement No. 85, *Omnibus 2017*, which will be effective for the year ended December 31, 2018.

The GASB has issued Statement No. 86, *Certain Debt Extinguishment Issues*, which will be effective for the year ended December 31, 2018.

The GASB has issued Statement No. 87, *Leases*, which will be effective for the year ended December 31, 2019.

The Authority is currently studying these statements and plans on adoption as required.

(Note 2) **Detail Notes on All Funds and Account Groups:**

A. Assets

1. Cash and Investments

The Authority's investment policies are governed by state statutes. In addition, the Authority has its own written investment policy. The Authority's monies must be deposited in FDIC insured commercial banks or trust companies located within the state. The Treasurer is authorized to use demand accounts and certificates of deposit, which are not subject to investment risk relating to changing interest rates. Permissible investments include obligations of the U.S. treasury and U.S. agencies, repurchase agreements and obligations of New York State or its localities.

For purposes of reporting cash flow, cash equivalents are defined as short-term, highly liquid investments that are both readily convertible to known amounts of cash and near their maturity. The revenue bond covenant account reported under restricted assets has been included as cash and cash equivalents in accordance with this definition. The Statement of Cash Flows uses the indirect method of reporting cash flows.

	<u>2017</u>	<u>2016</u>
Uncollateralized	\$ 13,421	\$ -
Collateralized within Trust department or agent	3,729,572	3,586,611
Total	<u>\$ 3,742,993</u>	<u>\$ 3,586,611</u>

(Note 2) (Continued)

2. **Accounts Receivable**

The balance of accounts receivable for 2017 and 2016 is as follows:

	<u>2017</u>	<u>2016</u>
Water Rents	\$ 1,027,153	\$ 896,936
Sewer Rents	290,319	279,386
Other Receivables	57,309	120,569
Total	<u>\$ 1,374,781</u>	<u>\$ 1,296,891</u>

3. **Fixed Assets**

The following is a summary of fixed assets for the Authority at December 31:

	<u>Balance at</u> <u>1/1/2017</u>	<u>Additions</u>	<u>Deletions</u>	<u>Balance at</u> <u>12/31/2017</u>
Land	\$ 251,071	\$ 6,000	\$ -	\$ 257,071
Completed facilities	17,096,681	1,273,033	(3,314)	18,366,400
Equipment	2,045,825	473,548	(9,149)	2,510,224
<u>Less: Accumulated</u> <u>depreciation</u>	<u>(7,959,849)</u>	<u>(773,639)</u>	<u>9,481</u>	<u>(8,724,007)</u>
Total	<u>\$ 11,433,728</u>	<u>\$ 978,942</u>	<u>\$ (2,982)</u>	<u>\$ 12,409,688</u>

	<u>Balance at</u> <u>1/1/2016</u>	<u>Additions</u>	<u>Deletions</u>	<u>Balance at</u> <u>12/31/2016</u>
Land	\$ 251,071	\$ -	\$ -	\$ 251,071
Completed facilities	17,034,441	62,240	-	17,096,681
Equipment	1,887,999	293,253	(135,427)	2,045,825
<u>Less: Accumulated</u> <u>depreciation</u>	<u>(7,396,396)</u>	<u>(698,880)</u>	<u>135,427</u>	<u>(7,959,849)</u>
Total	<u>\$ 11,777,115</u>	<u>\$ (343,387)</u>	<u>\$ -</u>	<u>\$ 11,433,728</u>

B. **Long-Term Debt**

1. **State Revolving Fund Loan**

The Authority entered into two loan agreements with the New York State Environmental Facilities Corporation (EFC) to provide short-term financing for the Red Creek Area Regional Wastewater Treatment Facility. The significant terms of the loan agreement are as follows:

- a. The Authority was allowed periodic draw downs with a maximum principal sum of \$1,750,000 on the loan dated September 30, 2004.
- b. During April 2006, the Authority entered into a second loan in which the Authority was allowed periodic draw downs with a maximum principal sum of \$2,199,338.
- c. The final maturity date of the loans was September 30, 2007, however, the loan balance was refinanced through a Revenue Bond during the 2006 year.

(Note 2) (Continued)

2. **Bond Payable**

In 2012, \$920,000 of general obligation bonds were issued to refinance the original loan of \$1,630,000 in general obligation bonds from 2001. The bonds were issued with an interest rate of 2.00%-3.00%. Bonds outstanding as of December 31, 2017 amounted to \$390,000 and have a final maturity date of March 15, 2021.

3. **EFC Revenue Bond Payable**

In June 2006, \$4,000,000 of EFC revenue bonds were issued to finance the Red Creek Area Regional Wastewater Treatment Facility construction project and refinance the original loans of \$1,750,000 from 2005 and the \$2,199,388 issued April 2006. The bonds were issued with an interest rate of 3.60%-4.75%. Revenue bonds outstanding as of December 31, 2017 amounted to \$160,000 and have a final maturity date of October 1, 2025.

4. **Bond Payable**

In 2017, \$1,570,000 of general obligation bonds were issued to finance work a renovation project at the operations center, and a roof project at the regional wastewater facility. The bonds were issued with an interest rate of 2.00%-4.00%. Bonds outstanding as of December 31, 2017 amounted to \$1,570,000 and have a final maturity date of June 15, 2027.

5. **Change in Long-Term Debt**

	<u>1/1/2017</u>	<u>Additions</u>	<u>Deletions</u>	<u>12/31/2017</u>	<u>Current Portion</u>	<u>Non-Current Portion</u>
Bonds	\$ 485,000	\$ 1,570,000	\$ 95,000	\$ 1,960,000 *	\$ 225,000	\$ 1,735,000 *
EFC Revenue Bond	180,000	-	20,000	160,000	20,000	140,000
OPEB Liability	154,728	48,858	-	203,586	-	203,586
Unfunded Pension	785,535	-	242,521	543,014	-	543,014
Unamortized Bond Premium	-	38,890	-	38,890 *	3,889	35,001 *
Unamortized Bond Discount	(4,075)	-	(815)	(3,260) *	(815)	(2,445) *
Total	\$ 1,601,188	\$ 1,657,748	\$ 356,706	\$ 2,902,230	\$ 248,074	\$ 2,654,156

* The financial statements net the \$3,260 discount, and the \$38,890 premium against the \$1,960,000 bonds payable.

(Note 2) (Continued)

	<u>1/1/2016</u>	<u>Additions</u>	<u>Deletions</u>	<u>12/31/2016</u>	<u>Current Portion</u>	<u>Non-Current Portion</u>
Bonds	\$ 575,000	\$ -	\$ 90,000	\$ 485,000 *	\$ 95,000	\$ 390,000
EFC Revenue Bond	200,000	-	20,000	180,000	20,000	160,000
OPEB Liability	92,890	61,838	-	154,728	-	154,728
Unfunded Pension	156,660	628,875	-	785,535	-	785,535
Unamortized Bond Discount	(4,890)	-	(815)	(4,075) *	(815)	(3,260)
Total	\$ 1,019,660	\$ 690,713	\$ 109,185	\$ 1,601,188	\$ 114,185	\$ 1,487,003

* The financial statements net the \$4,075 discount against the \$485,000 bond.

6. Estimated Debt Service Requirements

Revenue bond estimated debt service requirements to maturity are as follows:

<u>Year</u>	<u>2001 Revenue Bond</u>		<u>2006 EFC Revenue Bond</u>		<u>2017 Revenue Bond</u>		<u>Total Debt</u>	
	<u>Principal</u>	<u>Interest</u>	<u>Principal</u>	<u>Interest</u>	<u>Principal</u>	<u>Interest</u>	<u>Principal</u>	<u>Interest</u>
2018	\$ 95,000	\$ 9,206	\$ 20,000	\$ 7,416	\$ 130,000	\$ 47,573	\$ 245,000	\$ 64,195
2019	95,000	6,950	20,000	6,521	145,000	35,487	260,000	48,958
2020	95,000	4,456	20,000	5,613	145,000	31,863	260,000	41,932
2021	105,000	1,575	20,000	4,694	150,000	27,438	275,000	33,707
2022	-	-	20,000	3,768	155,000	22,862	175,000	26,630
2023-27	-	-	60,000	5,677	845,000	46,619	905,000	52,296
Total	\$ 390,000	\$ 22,187	\$ 160,000	\$ 33,689	\$ 1,570,000	\$ 211,842	\$ 2,120,000	\$ 267,718

(Note 3)

Other Notes:

A. Employee Pension and Other Benefit Plans

1. Plan Description

The Authority participates in the New York State Local Employees' Retirement System (ERS). This is a cost sharing multiple employer defined benefit retirement system. The net position of the System is held in the New York State Common Retirement Fund (the Fund), which was established to hold all net assets and record changes in fiduciary net position allocated to the System. The Comptroller of the State of New York serves as the trustee of the Fund and is the administrative head of the System. The Comptroller is an elected official determined in a direct statewide election and serves a four year term. System benefits are established under the provisions of the New York State Retirement and Social Security Law (RSSL). Once a public employer elects to participate in the System, the election is irrevocable. The New York State Constitution provides that pension membership is a contractual relationship and plan benefits cannot be diminished or impaired. Benefits can be changed for future members only by enactment of a State statute. The Authority also participates in the Public Employees' Group Life Insurance Plan (GLIP), which provides death benefits in the form of life insurance. The System is included in the State's financial report as a pension trust fund. That report may be found at www.osc.state.ny.us/retire/publications/index.php or obtained by writing to the New York State and Local Retirement System, 110 State Street, Albany, New York 12244.

2. Benefits Provided

The System provides retirement benefits as well as death and disability benefits.

Tier 1 and 2

Eligibility: Tier 1 members, with the exception of those retiring under special retirement plans, must be at least age 55 to be eligible to collect a retirement benefit. There is no minimum service requirement for Tier 1 members. Tier 2 members, with the exception of those retiring under special retirement plans, must have five years of service and be at least age 55 to be eligible to collect a retirement benefit. The age at which full benefits may be collected for Tier 1 is 55, and the full benefit age for Tier 2 is 62.

Benefit Calculation: Generally, the benefit is 1.67 percent of final average salary for each year of service if the member retires with less than 20 years. If the member retires with 20 or more years of service, the benefit is 2 percent of final average salary for each year of service. Tier 2 members with five or more years of service can retire as early as age 55 with reduced benefits. Tier 2 members age 55 or older with 30 or more years of service can retire with no reduction in benefits. As a result of Article 19 of the RSSL, Tier 1 and Tier 2 members who worked continuously from April 1, 1999 through October 1, 2000 received an additional month of service credit for each year of credited service they have at retirement, up to a maximum of 24 additional months.

Final average salary is the average of the wages earned in the three highest consecutive years. For Tier 1 members who joined on or after June 17, 1971, each year of final average salary is limited to no more than 20 percent of the previous year. For Tier 2 members, each year of final average salary is limited to no more than 20 percent of the average of the previous two years.

(Note 3) (Continued)

Tier 3, 4, 5

Eligibility: Tier 3 and 4 members, with the exception of those retiring under special retirement plans, must have five years of service and be at least age 55 to be eligible to collect a retirement benefit. Tier 5 members, with the exception of those retiring under special retirement plans, must have ten years of service and be at least age 55 to be eligible to collect a retirement benefit. The full benefit age for Tiers 3, 4, and 5 is 62.

Benefit Calculation: Generally, the benefit is 1.67 percent of final average salary for each year of service if the member retires with less than 20 years. If a member retires with between 20 and 30 years of service, the benefit is 2 percent of final average salary for each year of service. If a member retires with more than 30 years of service, an additional benefit of 1.5 percent of final average salary is applied for each year of service over 30 years. Tier 3 and 4 members with five or more years of service and Tier 5 members with ten or more years of service can retire as early as age 55 with reduced benefits. Tier 3 and 4 members age 55 or older with 30 or more years of service can retire with no reduction in benefits.

Final average salary is the average of wages earned in the three highest consecutive years. For Tier 3, 4, and 5 members, each year of final average salary is limited to no more than 10 percent of the average of the previous two years.

Tier 6

Eligibility: Tier 6 members, with the exception of those retiring under special retirement plans, must have ten years of service and be at least age 55 to be eligible to collect a retirement benefit. The full benefit age of Tier 6 is 63 for ERS members.

Benefit Calculation: Generally, the benefit is 1.67 percent of final average salary for each year of service if the member retires with less than 20 years. If a member retires with 20 years of service, the benefit is 1.75 percent of final average salary for each year of service. If a member retires with more than 20 years of service, an additional benefit of 2 percent of final average salary is applied for each year of service over 20 years. Tier 6 members with ten or more years of service can retire as early as 55 with reduced benefits.

Final average salary is the average of the wages earned in the five highest consecutive years. For Tier 6 members, each year of final average salary is limited to no more than 10 percent of the average of the previous four years.

Ordinary Disability Benefits

Generally, ordinary disability benefits, usually one-third of salary, are provided to eligible members after ten years of service; in some cases, they are provided after five years of service.

Accidental Disability Benefits

For all eligible Tier 1 and Tier 2 ERS and PFRS members, the accidental disability benefit is a pension of 75 percent of final average salary, with an offset for any Workers' Compensation benefits received. The benefit for eligible Tier 3, 4, 5, and 6 members is the ordinary disability benefit with the years-of-service eligibility requirement dropped.

(Note 3) (Continued)

Ordinary Death Benefits

Death benefits are payable upon the death, before retirement, of a member who meets eligibility requirements as set forth by law. The first \$50,000 of an ordinary death benefit is paid in the form of group term life insurance. The benefit is generally three times the member's annual salary. For most members, there is also a reduced post-retirement ordinary death benefit available.

Post-Retirement Benefit Increases

A cost-of-living adjustment is provided annually to: (i) all pensioners who have attained age 62 and have been retired for five years; (ii) all pensioners who have attained age 55 and have been retired for ten years; (iii) all disability pensioners, regardless of age, who have been retired for five years; (iv) ERS recipients of an accidental death benefit, regardless of age, who have been receiving such benefit for five years and (v) the spouse of a deceased retiree receiving a lifetime benefit under an option elected by the retiree at retirement. An eligible spouse is entitled to one-half the cost-of-living adjustment amount that would have been paid to the retiree when the retiree would have met the eligibility criteria. This cost-of-living adjustment is a percentage of the annual retirement benefit of the eligible member as computed on a base benefit amount not to exceed \$18,000 of the annual retirement benefit. The cost-of-living percentage shall be 50 percent of the annual Consumer Price Index as published by the U.S. Bureau of Labor, but cannot be less than 1 percent or exceed 3 percent.

3. Contributions

The System is noncontributory except for employees who joined the New York State and Local Employees' Retirement System after July 27, 1976, who contribute 3 percent of their salary for the first ten years of membership, and employees who joined on or after January 1, 2010 (ERS) who generally contribute 3 percent of their salary for their entire length of service. For Tier 6 members, the contribution rate varies from 3 percent to 6 percent depending on salary. Generally, Tier 5 and 6 members are required to contribute for all years of service. Under the authority of the NYSRSSL, the Comptroller annually certifies the actuarially determined rates expressly, used in computing the employers' contributions based on salaries paid during the Systems' financial year ending March 31. Contributions for the current year and two preceding years were equal to 100 percent of the contributions required, and were as follows:

Prepayment	
<u>Due Date</u>	<u>ERS</u>
12/15/2017	\$ 253,439
12/15/2016	\$ 208,035
12/15/2015	\$ 215,887

B. Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources related to Pensions

At December 31, 2017, the Authority reported a liability of \$543,014 for its proportionate share of the net pension liability. The net pension liability was measured as of March 31, 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The Authority's proportion of the net pension liability was based on a projection of the Authority's long-term share of contributions to the pension plan relative to the projected contributions of all participating members, actuarially determined.

(Note 3) (Continued)

At December 31, 2017, the Authority's proportion was 0.0057791%.

For the year ended December 31, 2017 the Authority recognized pension expense of \$311,821. At December 31, 2017, the Authority reported deferred inflows and deferred outflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources
Differences between expected and actual experience	\$ 13,607
Changes of assumptions	185,514
Net difference between projected and actual earnings on pension plan investments	108,462
Changes in proportion and differences between the Authority's contributions and proportionate share of contributions	34,807
Authority's contributions subsequent to the measurement date	190,079
Grand Total	\$ 532,469
	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 82,460
Changes in proportion and differences between the Authority's contributions and proportionate share of contributions	24,771
Grand Total	\$ 107,231

\$190,079 reported as deferred outflows of resources related to pensions resulting from Authority contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended December 31, 2017. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expenses as follows:

<u>Year</u>	<u>Amount</u>
2018	\$ 103,552
2019	103,552
2020	97,809
2021	(69,753)
Total	\$ 235,160

1. **Actuarial Assumptions**

The total pension liability at March 31, 2017 was determined by using an actuarial valuation of April 1, 2016, with update procedures used to roll forward the total pension liability to March 31, 2017. The actuarial valuations used the following actuarial assumptions:

(Note 3) (Continued)

Significant actuarial assumptions used in the valuations were as follows:

	<u>ERS</u>
Inflation	2.50%
Salary increases	3.80%
Investment rate of return (net of investment expense, including inflation)	7.00%
COLA'S	1.30%

Annuitant mortality rates are based on April 1, 2010-March 31, 2016 System experience with adjustments for mortality improvements based on the Society of Actuaries' Scale MP-2017.

The actuarial assumptions used in the April 1, 2016 valuation are based on the results of an actuarial experience study for the period April 1, 2010-March 31, 2016.

The long term expected rate of return on pension plan investments was determined in accordance with Actuarial Standard of Practice (ASOP) No. 27, Selection of Economic Assumptions for Measuring Pension Obligations. ASOP No. 27 provides guidance on the selection of an appropriate assumed investment rate of return. Consideration was given to expected future real rates of return (expected returns, net of pension plan investment expense and inflation) for equities and fixed income as well as historical investment data and plan performance.

Best estimates of arithmetic real rates of return for each major asset class included in the target asset allocation as of March 31, 2017 are summarized below:

<u>Asset Class</u>	<u>Long-Term Expected Real Rate of Return</u>
Domestic equity	4.55%
International equity	6.35%
Private equity	7.75%
Real estate	5.80%
Absolute return strategies	4.00%
Opportunistic portfolios	5.89%
Real assets	5.54%
Bond and mortgages	1.31%
Cash	-0.25%
Inflation-indexed bonds	1.50%

(Note 3) (Continued)

2. **Discount Rate**

The discount rate used to calculate the total pension liability was 7.0%. The projection of cash flows used to determine the discount rate assumes that contributions from plan members will be made at the current contribution rates and that contributions from employers will be made at statutorily required rates, actuarially. Based upon the assumptions, the System's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

3. **Sensitivity of the Proportionate Share of the Net Pension Liability to the Discount Rate Assumption**

The following presents the Authority's proportionate share of the net pension liability calculated using the discount rate of 7%, as well as what the Authority's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentagepoint lower (6%) or 1-percentagepoint higher (8%) than the current rate :

	1% Decrease <u>(6%)</u>	Current Assumption <u>(7%)</u>	1% Increase <u>(8%)</u>
Employer's proportionate share of the net pension asset (liability)	\$ (1,734,280)	\$ (543,014)	\$ 464,199

4. **Pension Plan Fiduciary Net Position**

The components of the current year net pension liability of the employers as of the March 31, 2017, were as follows:

	<u>(In Thousands)</u>
	<u>ERS</u>
Employers' total pension liability	\$ (177,400,586)
Plan net position	<u>168,004,363</u>
Employers' net pension asset/(liability)	<u>\$ (9,396,223)</u>
Ration of plan net position to the employers' total pension liability	94.70%

5. **Prepayments to the Pension Plan**

For ERS, employer contributions are paid annually based on the System's fiscal year which ends on March 31st. Accrued retirement contributions as of December 31, 2017 represents the projected employer contribution for the period of December 31, 2017 through March 31, 2017 based on paid ERS wages multiplied by the employer's contribution rate, by tier. Accrued retirement contributions as of December 31, 2017 amounted to \$63,360.

(Note 3) (Continued)

C. Other Postemployment Benefits

Plan Description

In addition to providing the pension benefits described in Note 6, the Authority provides post-employment medical and prescription drug benefits (OPEB) for retirees, spouses, and their covered dependents through the Authority's Postemployment Health Care Benefits Program (Plan). The benefits, benefit levels, employee contributions and employer contributions are governed by the Authority and can be amended by the Authority. The Plan is not accounted for as a trust fund, as an irrevocable trust has not been established to account for the plan.

Funding Policy

The Authority currently pays for health care benefits on a pay-as-you-go basis. Once New York State Law allows for the establishment of a trust to fund to invest assets necessary to pay for the accumulated liability, the Authority will study the establishment of such a trust. These financial statements assume that pay-as-you-go funding will continue.

Annual OPEB Cost and Net OPEB Obligation

The Authority's annual other postemployment (OPEB) cost (expense) is calculated based on the annual required contribution of the employer (ARC), and amount actuarially determined in accordance with the parameters of GASB Statement #45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years. The following table shows the components of the Authority's annual OPEB cost for the year, the amount actually contributed to the Plan, and changes in the Authority's net OPEB obligation by governmental activities:

Annual required contribution	\$ 48,858
Net OPEB obligation - beginning of year	<u>154,728</u>
Net OPEB obligation - end of year	<u><u>\$ 203,586</u></u>

The Authority's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for the year ended December 31, 2017 was as follows:

Fiscal Year Ended	Annual OPEB Cost	Percentage of Annual OPEB Cost Contributed	Net OPEB Obligation
12/31/2015	\$ 13,893	0.00%	\$ 92,890
12/31/2016	\$ 61,838	0.00%	\$ 154,728
12/31/2017	\$ 48,858	0.00%	\$ 203,586

(Note 3) (Continued)

Funded Status and Funding Progress.

As of December 31, 2017, the most recent valuation date, the plan was unfunded. The actuarial accrued liability for benefits was \$678,620, and the actuarial value of assets was \$0 resulting in an unfunded actuarial accrued liability of \$678,620. The covered payroll (annual payroll of active employees covered by the plan) was \$1,875,580, and the ratio of the UAAL to the covered payroll was 36.18%.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of the occurrence of events far into the future. Examples include assumptions about future employment, mortality and the health care cost trends. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future.

Actuarial Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and includes the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

Valuation Date December 31,	(1) Actuarial Value of Assets	Accrued Liability (AAL)	(3) Funded Ratio (1) / (2)	Accrued Liability (UAAL) (2) - (1)	Active Members Covered Payroll	Percentage of Covered Payroll (4) / (5)
2009	\$ -	\$ 304,796	0.00%	\$ 304,796	\$ 872,119	34.95%
2010	\$ -	\$ 304,796	0.00%	\$ 304,796	\$ 905,650	33.65%
2011	\$ -	\$ 329,667	0.00%	\$ 329,667	\$ 1,049,627	31.41%
2012	\$ -	\$ 341,019	0.00%	\$ 341,019	\$ 1,078,463	31.62%
2013	\$ -	\$ 354,696	0.00%	\$ 354,696	\$ 1,090,738	32.52%
2014	\$ -	\$ 394,985	0.00%	\$ 394,985	\$ 1,165,755	33.88%
2015	\$ -	\$ 386,738	0.00%	\$ 386,738	\$ 1,328,219	29.12%
2016	\$ -	\$ 580,226	0.00%	\$ 580,226	\$ 1,565,725	37.06%
2017	\$ -	\$ 678,620	0.00%	\$ 678,620	\$ 1,875,580	36.18%

In the December 31, 2016 actuarial valuation, the Authority has elected to use the alternative measurement method as permitted by GASB #45. The discount rate used was 4%. Because the plan is unfunded, reference to the general assets was considered in the selection of the four percent rate. The remaining amortization period at December 31, 2017 was twenty-one years.

(Note 4) **Related Party Transactions:**

The Authority enters into contracts and other agreements with towns and villages whose supervisor or mayor may sit on the Authority's Board.

(Note 5) **Commitments and Contingencies:**

- A. Management is not aware of any pending litigation as of the date of this report.

(Note 6) **Capital Assets:**

- A. Net investment in capital assets - is summarized as follows:

<u>INVESTMENT IN CAPITAL ASSETS:</u>	<u>2017</u>	<u>2016</u>
Water	\$ 5,610,255	\$ 4,510,399
Sewer	6,799,433	6,923,329
TOTAL INVESTMENT IN CAPITAL ASSETS	<u>\$ 12,409,688</u>	<u>\$ 11,433,728</u>

<u>WATER:</u>	<u>2017</u>	<u>2016</u>
Capital Assets, Net	<u>\$ 5,610,255</u>	<u>\$ 4,510,399</u>
<u>Add:</u>		
Discount on bonds payable	\$ 3,260	\$ 4,075
Total Additions	<u>\$ 3,260</u>	<u>\$ 4,075</u>
<u>Deduct:</u>		
Short-term portion of bonds payable	\$ 225,000	\$ 95,000
Long-term portion of bonds payable	1,735,000	390,000
Unamortized bond premium	38,890	-
Total Deducts	<u>\$ 1,998,890</u>	<u>\$ 485,000</u>
Net Investment in Capital Assets	<u>\$ 3,614,625</u>	<u>\$ 4,029,474</u>

<u>SEWER:</u>	<u>2017</u>	<u>2016</u>
Capital Assets, Net	<u>\$ 6,799,433</u>	<u>\$ 6,923,329</u>
<u>Deduct:</u>		
Short-term portion of EFC loan	\$ 20,000	\$ 20,000
Long-term portion of EFC loan	140,000	160,000
Total Deducts	<u>\$ 160,000</u>	<u>\$ 180,000</u>
Net investment in Capital Assets	<u>\$ 6,639,433</u>	<u>\$ 6,743,329</u>

- B. **Capital Reserve** – In 2004, the Authority authorized the establishment of a capital reserve for repair and/or replacement of facilities. During the year \$5,158 in interest was earned. The balance in the reserve at December 31, 2017 and 2016 is \$2,116,114 and \$2,110,956, respectively.

(Note 7) Lease Revenues:

The Authority entered into an agreement with Bell Atlantic Mobile of Rochester d/b/a Verizon Wireless to lease space on the existing water tower and certain ground space at 6296 Shaker Tract Road, North Rose, New York 14516. The initial agreement requires a base rent of \$14,400 and the annual rental for each lease year during the initial term or any extension shall be equal to 103% of the annual rental payable with respect to the immediately preceding lease year. The initial term of the lease ended December 31, 2009 which has been extended based on the term of the lease which provides four automatic extensions of five year terms. Total rental income received for the years ended December 31, 2017 and 2016 was \$20,531 and \$19,933, respectively.

**Report on Internal Control Over Financial Reporting
And on Compliance and Other Matters Based on an Audit
of Financial Statements Performed in Accordance
With Government Auditing Standards**

Independent Auditors' Report

To the Board Members
Wayne County Water and Sewer Authority
Wayne County, New York

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Wayne County Water and Sewer Authority, New York, as of and for the years ended December 31, 2017 and 2016, and the related notes to the financial statements, which collectively comprise the Wayne County Water and Sewer Authority, New York's basic financial statements, and have issued our report thereon dated March 7, 2018.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Wayne County Water and Sewer Authority, New York's internal control over financial reporting to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Wayne County Water and Sewer Authority, New York's internal control. Accordingly, we do not express an opinion on the effectiveness of the Wayne County Water and Sewer Authority, New York's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Authority's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Wayne County Water and Sewer Authority, New York's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Authority's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
